CLEARVIEW BOARD OF TRUSTEES

Superintendent's Message

Dates to Remember

As the final bell of the year draws near and we're never quite sure if we should wear sunscreen or a rain jacket, it's clear we've hit the home stretch. June at Clearview is a whirlwind of field trips, year-end celebrations, and the occasional "wait, is that due today?" moment. Students (and staff!) are running on equal parts excitement and sheer willpower, and we're cheering everyone on right through to the finish line.

To our amazing graduates, congratulations! As you step into this next chapter, remember to always be your best self, keep in touch with your friends, and yes, give your parents a call every now and then. They will appreciate it more than you know.

For everyone else, summer is just around the corner, and we encourage you all to dive into some well-deserved relaxation. Don't forget to mix in a little adventure like hiking a new trail, exploring a new book, trying out a new hobby, or just soaking up the sunshine. You've earned it!

As we look forward to the next school year, we're already busy planning and making sure that we continue to focus on literacy, numeracy, and student engagement. We're also excited to welcome some new faces to our leadership team, who are ready to bring fresh energy and insights to our schools.

Thank you for an incredible year, and for being such a vital part of the Clearview family. Have a fantastic summer, and we'll see you in the fall for another great year of learning and growth!

Students)

September 2
First Day of School
2025-26

Leadership Highlights

Superintendent Scot Leys provided updates on school visits, hiring progress, and planning for the 2025–26 professional development day. Key initiatives include curriculum implementation, FOIP/social media changes, and transportation discussions. The Coronation Innovate group of students shared their award-winning community-building project.

Election Planning

The Board reviewed details for the upcoming 2025 School Board Election. Trustees confirmed standard voting procedures and authorized joint election coordination with municipalities.

Coronation Student Innovation Challenge

A special highlight came from students at Coronation School, who presented their award-winning project from the C2U Expo Student Innovation Challenge at Grant MacEwan University. Their project, titled “Bridging the Gap Between Generations,” focused on strengthening intergenerational relationships in their community. After weeks of research and stakeholder engagement, the students earned first place and a \$1,000 prize to help implement their ideas. The Board congratulated the team—Sandy, Nikki, Bethany, Aislyn, Mena—and staff mentors Mrs. Goodbrand and Miss Fearnley for their outstanding work and community impact.

Grants & Curriculum Updates

The Board received an update on ongoing curriculum work and grant submissions. Grades 7–12 curriculum implementation will roll out in phases, with updated timelines now extending into 2026–27 to support manageable change. Minor adjustments to K–6 curriculum are also underway, focusing on reducing outcomes and clarifying language based on teacher feedback. The division has submitted or received several grants, including Literacy/Numeracy support, dual credit funding, and new opportunities aligned with the Ministerial Priority and Curriculum Support programs. These grants will enhance learning experiences and help address instructional needs while ensuring continued alignment with provincial goals.
